ABOUT THE WORKSHOP

TUESDAY, JULY 15, 2003

Your Compliance Roadtrip

Workshop information includes
overviews of the following:

- What you need to know if you ship hazardous materials or hazardous wastes.
- Roadside commercial vehicle inspections while transporting hazardous materials.
- Compliance review procedures: What to expect during a FAA, FMCSA, EPA, or OSHA audit.
- Basic requirements for testing, inspection, and operation of cargo tanks.
- State of Illinois and Missouri requirements for operators of cargo tanks.
- Hazardous materials training requirements, if you are subject to these regulations.
- Hazard communication requirements: shipping papers, marking, labeling, placarding, and emergency response information.
- OSHA requirements related to hazardous materials regulations.
- EPA requirements related to hazardous materials regulations.

THE PLACE

St. Louis Community College
Florissant Valley Campus Student Center
3400 Pershall Road
St. Louis, MO 63135-1499
(314) 539-5321

Who Should Attend

If you ship or transport
hazardous materials, hazardous
wastes in commerce, test, inspect,
or operate cargo tanks.

This workshop provides an overview and
basic knowledge of the regulatory
requirements—**what they are, how they apply,
and how to meet them**—for shipping and
transporting hazardous materials.

The workshop is not designed as a complete
or detailed class on every aspect of the
hazardous material regulations and does not
satisfy the Training Requirements of 49 CFR
Section 172.700.

Call for registration and information:

FMCSA (573) 636-3246 **MO**
or (217) 492-4602 **IL**
RSPA (847) 294-8589
